Collection Origin

Collection was acquired in 1989 by the Baltimore City Life Museum. In 1997, the Baltimore City Life Museums/Peale Museum closed due to lack of funding. Its collections were transferred to the Maryland Historical Society in 1998.

Scope and Content

The Reis Photograph Collection contains 7 boxes of 112 glass and film negatives. The photographs document the life of the Ball/Milnor family, including portraits and images of the family home, as well as Baltimore landmarks, such as Druid Hill Park. Most of the photographs of people are unidentified but date from the 1890's. Several stereoview negatives are included in the collection.
